You're going to love this home! A bright and open single story home in Cobblestone Ranch with upgraded features and in impeccable condition.

With 3 bedrooms, 2 bathrooms, a highly upgraded Gourmet Kitchen and a 3 car garage that doesn't back to any other home, it will check all the boxes. Don't miss the rare granite countertops that were one of the builders top options.

The Kitchen is truly the heart of the home and will undoubtedly be the entertaining hub of the house. With the open concept of this floor plan you naturally flow right into the main living room. Especially since the hardwood floors throughout the main floor tie everything together so nicely.

The cozy fireplace and desirable mantle allow for warm nights with a good book, or simply a relaxing room to unwind with your favorite programs. Having a greenbelt and walking path behind the house adds to the privacy and offers views of the bluffs off in the distance past Castle Lake Drive
